HOW TO PRACTICE: 5 minutes a day is good for your brain and good for your soul!

- 1 Always remember to tune your uke before you practice
- 2 Your fingertips may hurt at first - practicing 5 to 10 minutes a day will keep them from hurting too much and allow your fingertips time to build callouses.
- 3 Strum each chord clearly before you begin playing the song. You can practice transitioning between the chords as an exercise.
- 4 Check your handshake position, make sure the palm is curled and the knuckles are curled.
- 5 You can use the lesson tutorials for review at <http://youtube.com/cynthialinmusic>
- 6 There are tons of ukulele chord charts online - search for the song you want to play and give it a shot. Have fun!
